To their own finer creations.**

**Loveality has no need but to be embraced.

Connected!!!

Grace is the gentle breath of Loveality. It offers itself without an agenda to escape, dominate or serve any person or reason outside pure altruism. You need not act with strategy when you seek to gain nothing, but only to be the emergent expression of love. Loveality doesn’t have an agenda for you, nor does it ask you to differentiate yourself from anything or anyone. Feel the grace, be the embrace, for the “All-In-Total” is the gift to all humanity without a hidden agenda or price to pay.
